#### REALITY

HIGHER TAXES/RATES EVERY TIME

## STOP KCDC ALARMISM

### LAST CHANCE TO STOP MANAGED RETREAT + HIGHER RATES

KCDC's third attempt involves an April vote on accepting **UNREALISTIC** CAP recommendations, which will label hazards on over 20,000 homes' LIMs, despite Waikato University de Lange Report indicating only 49 are at **REAL** risk.

#### Some very likely and immediate effects:

- Higher rates
- Increased insurance premiums
- Insurance and bank withdrawal
- Crash in Kapiti Real Estate
- Stop on building permits for renovations and new builds
